

June 2, 2012

The Islamic Council of Victoria is a proud supporter of the Werribee Islamic Centre (WIC).

WIC is a dedicated community organisation providing education and spiritual services for the growing Muslim community in Melbourne's south western region. It is a beacon of light and guidance for many.

Its success is built on its dedicated committee members and volunteers who work tirelessly to engender the spirit of togetherness and unity amongst its members.

It is a model organisation proactively seeking to improve its services and performance. The acquisition of its second premises with planned expanded community facilities is testament to its forward thinking.

We congratulate the WIC for the holistic approach to its planned new centre. One InshAllah that will provide services beyond a traditional mosque facility to meet the growing needs of the developing Muslim community.

Given the nobility of its endeavour and the great community need we ask Allah SWT to bless the organization, its members and supporters in achieving its goals and aspirations.

In peace,

RAMZI ELSAYED
PRESIDENT
